§ 8 h.

First part: 'the implementation of these programmes should also build on Goal 5 of the SDGs ("Achieve gender equality and empower all women and girls"), including access to family planning and the full range of public and universal sexual and reproductive health rights, in particular modern contraception'

Second part: 'and safe and legal abortion for girls;'

Third part: 'calls on the European Commission and Member States, in this context, to support the SheDecides movement'

Fourth part: 'and pledge additional funding to international aid for sexual and reproductive health services, including safe abortions and information about abortions, thereby countering the Global Gag Rule which was reinstated by the United States government in early 2017;'

§ 10

First part: 'Considers that the empowerment of women and girls through education, social support and economic opportunities is a crucial tool to fight against these practices; recommends that the EU promote and protect equal rights for women and girls as regards access to education, placing special emphasis on free, high-quality primary and secondary education'

Second part: 'and integrating sexual and reproductive health education into schools' curricula'

Third part: 'providing girls' families with financial incentives and/or assistance for school enrolment and completion; stresses the need to guarantee refugee children full access to education and to promote their integration and inclusion in national education; recognises the need for support and protection for those who are at risk of child, early, or forced marriages, and those who are already in such a marriage in terms of education, psychological and social support, housing and other high-quality social services, as well as mental, sexual and reproductive health services and healthcare;'

Recital H

First part: 'whereas, although the UN Convention on the Rights of the Child emphasises the importance of measures that encourage regular school attendance, many girls are not in education due to a number of factors, for example because schools are inaccessible or expensive; whereas child, early and forced marriages have a disproportionate devastating impact and lifelong consequences for their victims and very often deprive the persons concerned of the possibility of continuing their studies as girls tend to drop out of school during the preparatory time before a marriage or shortly afterwards; whereas education,'

Second part: 'including sex education,'

Third part: 'is an effective way of preventing child, early and forced marriages because access to education and training contributes to empowerment, employment opportunities and promotes freedom of choice, the right to self-determination and active participation in society enabling individuals to free themselves from any form of control adversely affecting their rights without which the economic, legal, health and social situation of women and girls and the development of society as a whole continues to be hampered;'

amendment 24

First part: 'Such balanced criteria should be based on a concept of a sufficient link of a driver with a territory of a host Member State. This sufficient link exists in case of cabotage operations as defined by Regulations (EC) No 1072/2009 and (EC) No 1073/2009 since the entire transport operation is taking place in a host Member State.'

Second part: 'As a consequence, Directive 96/71/EC and Directive 2014/67/EU should apply to cabotage. Furthermore, the rules on posting should also apply to the road leg of the combined transport, as referred to in Directive 92/106/EC, provided that the road leg is carried out within the same Member State.'

ALDE:

amendment 150

First part: 'Member States shall not apply points (b) and (c) of the first subparagraph of Article 3 (1) of Directive 96/71/EC to transit operations and to drivers in the road transport sector employed by undertakings referred to in Article 1(3)(a) of that Directive, when performing international carriage and cabotage operations as defined by Regulations 1072/2009 and 1073/2009 where the period of posting to their territory to perform these operations is shorter than or equal to 10 days for international transport operations'

Second part: 'and beyond the time limit threshold set in Article 8(2) of the revised Regulation (EC) No 1072/2009 during a period of one calendar month.'

§ 60

First part: 'Notes the overall increase in the draft budget 2019 of the allocations for the decentralised agencies, of +10.8 % (without taking into account assigned revenues) and +259 posts; welcomes the fact that for the majority of the agencies their own budget increases while the EU contribution decreases; notes in this regard that Parliament is currently exploring the possibilities of further extending the fee-financing of decentralised agencies; notes with satisfaction that agencies with "new tasks" (ESMA, EU-LISA and Frontex) are granted a significant increase in appropriations and establishment plan staff; calls for further financial support for the agencies that are dealing with migration and security challenges; believes that Europol and Eurojust should be further strengthened'

Second part: 'and that EASO should receive adequate financing for its transformation into the European Asylum Agency;'

ALDE:

amendment 1

First part: 'Welcomes the launch of Discover EU, the distribution of 15 000 Interrail tickets to 18-year-old Europeans in 2018, as well as the Commission proposal of EUR 700 million for the MFF 2021-2027, which fits well with the EU's ambitions to promote learning mobility, active citizenship, social inclusion and solidarity among all young people;'

Second part: 'regrets that the Commission did not propose any appropriations for 2019 and 2020; is determined to continue the Preparatory Action in 2019 and 2020;'

Miscellaneous

The rapporteur moved the following oral amendment to add a new paragraph after paragraph 1:

> '1a. Underlines that the EU must be a frontrunner in implementing the UN Sustainable Development Goals (SDGs) through their mainstreaming into all EU policies;'

The rapporteur moved an oral amendment to Amendment 2, which then read as follows:

> '40a. Welcomes the European Council's request of 28 June 2018 to further strengthen Frontex through increased resources and an enhanced mandate; asks for further information as to how many staff will be sent by the Member States and how many staff will be needed directly by the agency itself; invites the Commission to adapt its draft budget accordingly in the autumn amending letter; welcomes as well the additional 45.6 million euros awarded to support Greece and Spain in their management of the flow of arriving migrants on their territory; underlines that effective border control must be accompanied with proper care of arriving migrants;'

PPE: §§ 1, 19, 24, 27, 28, recital O

PPE:

§ 12

First part: 'In view of the recent revelations of misuse of personal data by companies certified under the Privacy Shield, such as Facebook and Cambridge Analytica, calls on the US authorities responsible for enforcing the Privacy Shield to act upon such revelations without delay in full compliance with the assurances and commitments given to uphold the current Privacy Shield arrangement and, if needed, to remove such companies from the Privacy Shield list; calls also on the competent EU data protection authorities to investigate such revelations and, if appropriate, suspend or prohibit data transfers under the Privacy Shield;'

Second part: 'considers that the revelations clearly show that the Privacy Shield mechanism does not provide adequate protection of the right to data protection;'

§ 22

First part: 'Regrets that the US did not seize the opportunity of the recent reauthorisation of FISA Section 702 to include the safeguards provided in PPD 28;'

Second part: 'calls for evidence and legally binding commitments ensuring that data collection under FISA Section 702 is not indiscriminate and access is not conducted on a generalised basis (bulk collection) in contrast with the EU Charter on Fundamental Rights;'

Third part: 'takes note of the Commission's explanation e in its Staff Working Document that surveillance under Section 702 FISA is always based on selectors and does not therefore allow for bulk collection; adds its voice therefore to the call made by the WP29 for an updated report from the PCLOB on the definition of 'targets', on the 'tasking of selectors' and on the concrete process of applying the selectors in the context of the UPSTREAM programme to clarify and assess whether bulk access to personal data occurs in that context; deplores that EU individuals are excluded from the additional protection provided by the reauthorisation of FISA Section 702; regrets that the reauthorisation of Section 702 contains several amendments that are merely procedural and do not address the most problematic issues, as also raised by the WP29; calls on the Commission to take the forthcoming WP29 analysis on FISA Section 702 seriously and to act accordingly;'

§ 26

First part: 'Expresses its concern about the consequences of Executive Order 13768 on "Enhancing Public Safety in the Interior of the United States" for judicial and administrative remedies available to individuals in the US, because the protections of the Privacy Act no longer apply to non-US citizens; takes note of the Commission's position that the adequacy assessment does not rely on the protections of the Privacy Act and that therefore this Executive Order does not affect the Privacy Shield;'

Second part: 'considers that Executive Order 13768 does however indicate the intention of the US executive to reverse the data protection guarantees previously granted to EU citizens and to override the commitments made towards the EU during the Obama Presidency;'

§ 31

First part: 'Calls on the Commission to take all the necessary measures to ensure that the Privacy Shield will fully comply with Regulation (EU) 2016/679, to be applied as from 25 May 2018, and with the EU Charter,'

Second part: 'so that adequacy should not lead to loopholes or competitive advantage for US companies;'

§ 5

First part: 'Stresses the importance of providing an adequate level of protection for personal data transferred to the US under FATCA, in full compliance with national and EU data protection law; calls on the Member States to review their IGAs and to amend them, if necessary, in order to align them with the rights and principles of the GDPR; urges the Commission and the European Data Protection Board to investigate without delay any infringement of EU data protection rules by Member States whose legislation authorises the transfer of personal data to the US IRS for the purposes of FATCA,'

Second part: 'and to initiate infringement procedures against Member States that fail to adequately enforce EU data protection rules;'

§ 8

First part: 'Regrets the inherent lack of reciprocity of IGAs signed by Member States, especially in terms of the scope of information to be exchanged, which is broader for Member States than it is for the US;'

Second part: 'calls on all Member States to collectively suspend the application of their IGAs (or the sharing of all information other than that in respect of accounts held in the EU by US citizens resident in the US) until such time as the US agrees to a multilateral approach to the automatic exchange of information (AEOI), by either repealing FATCA and joining the CRS or renegotiating FATCA on an EU-wide basis and with identical reciprocal sharing obligations on both sides of the Atlantic;'
