

Shaping the future of merger control

Conference/Webinar

22 January 2026, 13:00-17:45

Location: OECD Conference Centre, Paris and online

The OECD Competition Division and the European Commission Directorate-General for Competition (DG COMP) are joining efforts to bring together key findings from the revision of the OECD Recommendation and the European Commission's public consultation. Experts on merger control will discuss current international best practices and principles that govern merger control, touching upon aspects of competitiveness, resilience and the effects of mergers on innovation.

The event publicly presents the revision of the [OECD Recommendation on Merger Review](#) amended by the OECD Council meeting at Ministerial level on 3 June 2025 and showcases core insights from the European Commission's public consultation.
