

AI & Data Science: The New Frontier in Competition Enforcement

W@CompetitionIT invites you to a seminar exploring cutting-edge investigative tools, with a spotlight on data science and AI-powered innovations transforming public antitrust enforcement. Our distinguished panellists will share first-hand insights and perspectives from national agencies (Italy and Spain) and the European Commission DG Competition.

25 FEB 2026

16:00 - 18:00 CET

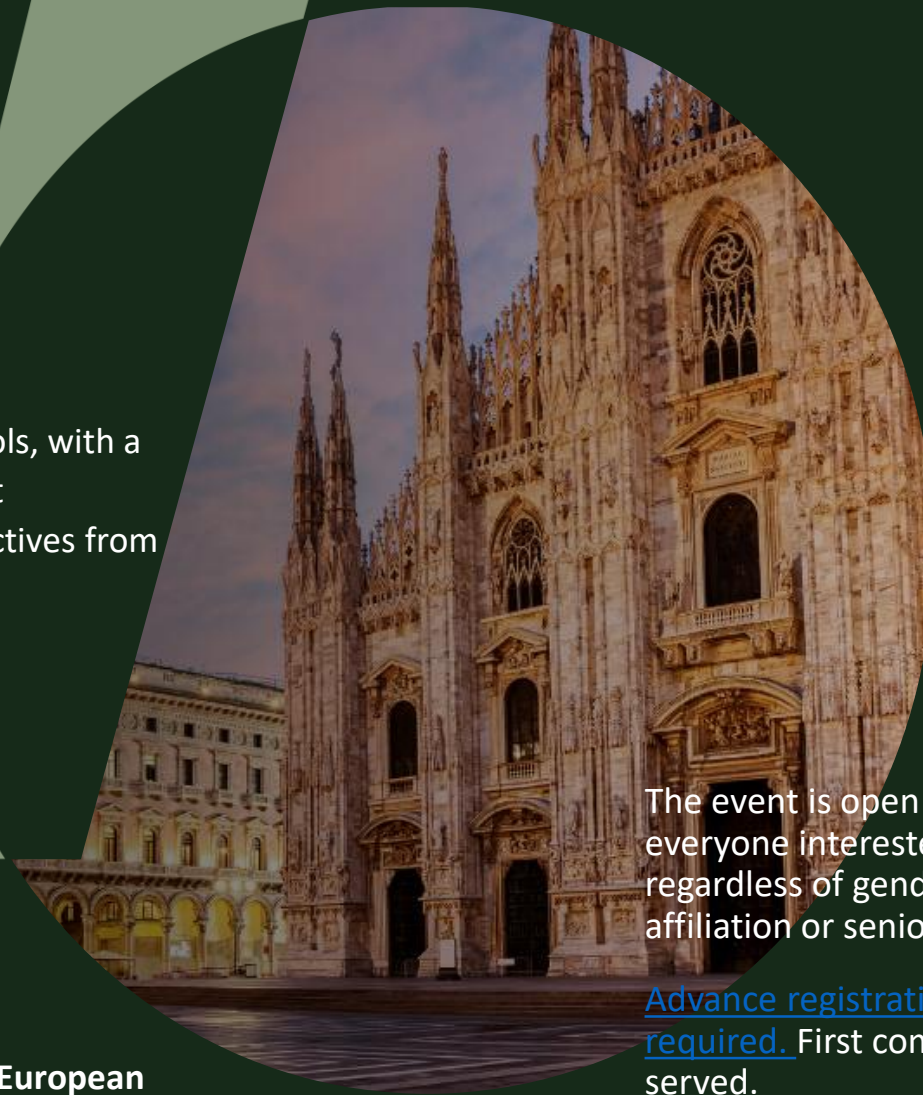

Cleary Gottlieb
Via San Paolo 7
20121 Milano

Speakers

Susana Campuzano Fernández – Director of Competition at the CNMC

Penelope Papandropoulos – Head of Unit on Data Analysis and Technology at the European Commission's DG COMP

Alessandra Schiavina – Director of Competition Department 1 at the AGCM

The event is open to everyone interested regardless of gender, affiliation or seniority.

[Advance registration required.](#) First come, first served.

A networking cocktail will follow.
